### About This Game

Sometimes 18 Wheels Just Ain't Enough!

Take the wheel of a fast paced, high intensity trucking business. Start as a one man show, bidding on jobs, then build your fleet into an unstoppable convoy and deliver the goods. Grow your business and your fleet, but beware - your reputation is everything.

10-4 Good Buddy. Bid on lucrative larger jobs and captain the convoys necessary to pull them off. But watch your back - the police are always looking to take a mighty convoy down!

Have fun playing the fourth truck sim game in the 18 Wheels of Steel series!

### Features

- Lock and load the big runs. There's power in numbers and your convoy's gonna rule the roadways.
- Feel the rumble of the road beneath the wheels of 35+ rigs and trailers.
- Haul asphalt through 40+ cities coast to coast and Canada.
- Bid on 45+ cargo types and prove you can handle the big jobs.
- Build your Convoy One Rig at a Time. Build your trucking empire from a single hauler to a vast network of big rigs criss-

Game constantly crashes.. I remember playing this game when i was a kid, getting in the main menu and listening to the gorgeous intro song is worth the full price. still an old gem. the game ist workig. just got it. Don't buy this game it don't work ask for a refund didnt get it yet. This is the game that led me toward the path of the 18 Wheels Of Steel series back in the summer of 2015 for the very first time, seriously though, I was really addicted with this driving simulator for what it had to offer when I played it for the first time ever back in 2015, if you're the type of gamer that happens to love a long driving simulator, then I would say that this is truly the game for you, sadly though, it does not give you the option to save when you're making a delivery which I think is absurd.. I remember playing this game when i was a kid, getting in the main menu and listening to the gorgeous intro song is worth the full price
